## → BRAND MISSION

Deviating from your normal path, venturing into the unknown, travelling longer distances or simply challenging the daily traffic to reach the office.

For Kappa it doesn't matter. As the most important thing is that you do it in full comfort and safety and that you do it on two wheels, in your own individual way. For 60 years Kappa has devoted all its efforts to improve the lives of riders. Roads, open spaces and horizons have become the central characters. Our history, and that of our products, are just a backdrop to each individual rider all over the world. Kappa chose to express and share its passion for two wheels, working hard day by day, trip after trip, for every solution, with every material, devoting everything to those who live their lives on their motorcycle.

Kappa symbolizes the values of quality and reliability associated with Italian manufacturing, which is universally recognized worldwide for its distinctive features. Choosing to merge artisan culture, a passion for motorcycles and innovative design, we are able to offer to the marketplace cutting-edge products, designed to ensure comfort and safety, guaranteed by a team with more than half a century of history and experience. With a market presence of almost almost sixty years, Kappa's experience can be considered one of the most solid and viable in the production of accessories for the world of motorcycling. After the success of the first top-case (N9900) in 1980, production has been extended and specialized, thanks to the desire to satisfy every riding need. This ultimately evolved into the creation of a wide range of racks, windshields, screens, engine guards, backpacks, helmets and accessories with a modern and innovative design, able to meet the expectations of the modern rider, ensuring a perfect quality to price ratio.

## MONOKEY® FITTING SYSTEM

Monokey® is the fitting system for panniers and top cases most famous both for bikers and scooter riders all over the world.

Patented by GIVI, adopted by KAPPA, the Monokey® has introduced the possibility to operate with only one key both for the opening of the top case and the detachment of the case from the fitting plate. It is universally famous for its mechanic characteristic, that permits the user to travel in complete security and also for an adventure use, thanks to the high level of rigidity of the system, combined with compact and light components.

The secret is the uniform distribution of the load on the plate surface, guaranteed by the three fitting points, which are placed in such a way to obtain the widest possible contact surface. The damping of oscillating and vibration and the contact between the bottom shell and the plate are assured by four spacers made of elastic material, which is particularly resistant to extreme weather and temperature variation. Thanks to these solutions a high level of reliability of the fitting is guaranteed even under the heaviest stresses and strains over the years.

## MONOLOCK® FITTING SYSTEM

Projected to offer a wider range of applications and uses of the top-cases, the Monolock® system has been conceived for lighter vehicles, such as scooters and maxi-scooters, used mainly for short/mid range commuter transport requirements. The Monolock®, introduced by GIVI, follows the same philosophy that defines the Monokey® fitting system, like the opening of the case top shell and the detachment of the case from the plate with one key only- thought to support less weight, without losing nothing in reliability and performances, but obtaining characteristics of lightness and more reduced overall.

## RETRO-FIT FITTING SYSTEM

RETRO-FIT is the new mounting system that opens new opportunities for the rider, allowing him to attach a set of aluminum K-Venture side cases to any existing KL and KLR mounts, originally designed for Monokey® cases. With this quick and secure adapter, it takes seconds to attach and detach the cases, without using any tools: the bottom part slides over the prongs on the bracket, while the top part is secured using two quick release fasteners, that fit to the included support which replaces the standard Monokey® locking wedge.

## MONOKEY® SIDE FITTING SYSTEM

This system represents an interesting alternative for the biker interested in mounting on his bike a pair of panniers.

The innovative elements that characterize the Monokey® Side can be recognized by the shape of the inclined holder and by the two fixing points, composed by "sleds". The latter receive the disengagement movement from the case release button and determine a significant and further increase on overall stability. The Monokey® Side allows to obtain a major adhesion of the case to the side of the motorcycle, improving the aerodynamic aspect.

As the two previous systems, also the Monokey® Side makes use of the comfortable and rapid opening system and release with the same key.

## FIXED FITTING SYSTEM

This fitting system, developed by KAPPA, is the most universal from the ones previously described. Designed for scooter boxes from the KCY25 range and for the model KCY14N for bicycles, it uses the bottom as a base for a secure and stable fitting on all vehicles equipped with luggage carrier. The kit is complete of metallic supports and screws. With very simple modifications, practicable by the user, the KCY25 and KCY14N top-cases can become compatible with the original luggage carriers present on the market.

**TECH INFO**

**MORPHING METAL LOCK PATENTED SYSTEM**

**MML (Morphing Metal Lock)** benefits from the “shape memory” of a special type of metal, used here as bars sewn internally that follow the movement of the closing flaps and can then be folded beneath the ends.

This operation enables hands to be moved out of the way without the bag opening and means the bag can be fully closed using the dedicated adjustable, crossover strap.

# TANKLOCK SYSTEM

## → TANKLOCK SYSTEM

A quick attachment/detachment system that uses a specific kit to attach a flange to the tank cap, onto which the tank bag is then fixed. See the section See the MY MOTORCYCLE section ([www.kappamoto.com](http://www.kappamoto.com)) to check that there is a specific kit for your motorcycle.

**ZS957RCK** Rain cover for smartphone holder: KS957B

## → UNIVERSAL FITTING SYSTEM FOR SMARTPHONE / GPS HOLDERS

Thanks to the mounting system to attach and remove the smartphone holder is extremely simple and fast, taking only a matter of seconds. Loosening the handle on the mounting support can adjust the position of the smartphone holder according to the rider's specific requirements, at any time and without the need for any tools.

The shell has shock-absorbing inserts to protect the device being held. The product is also supplied with a safety strap, sunshade, touch-sensitive front surface, a power supply port and a waterproof cover to be used in the event of heavy rain.

- **QUICK FIXING:** Reinforced system compatible with the previous and current models of KAPPA device holders
- **ADJUSTABLE:** A locking nut provides adjustable tilt and rotation
- **SAFE AND UNIVERSAL:** Rubber parts ensure a firm grip on structures with sections of any configuration
- **EASY INSTALLATION:** Quick mounting without tools

## KS180T SCREEN SPOILER

### KS180T

Universal transparent spoiler mountable to fairings / windscreens, 12,5 x 25,0 cm (H x W)  
**WE STRONGLY RECOMMEND TO CHECK WHETHER THE ORIGINAL FITTING KIT OF THE SCREEN IS ROBUST ENOUGH TO ALLOW THE MOUNTING OF THE SCREEN SPOILER / THE ALUMINUM FITTING KIT ALLOWS THE ADJUSTMENT OF BOTH HEIGHT AND INCLINATION**

■ →

## KS180F SCREEN SPOILER

### KS180F

Universal smoked spoiler mountable to fairings / windscreens 12,5 x 25,0 cm (H x W); the aluminum fitting kit allows the adjustment of both height and inclination.  
**WE STRONGLY RECOMMEND TO CHECK WHETHER THE ORIGINAL FITTING KIT OF THE SCREEN IS ROBUST ENOUGH TO ALLOW THE MOUNTING OF THE SCREEN SPOILER**

## → ACCESSORIES

### TECHNICAL ACCESSORIES

#### → ENGINE GUARDS

Conceived with the aim to provide lateral protection of the engine, not only on trail motorcycles, but also naked and custom motorcycles as well as unfaired and semi-faired models. Should a motorcycle fall whilst located on its stand and it is equipped with an engine guard, the damage sustained by the engine would be greatly reduced. The wide range of engine guards developed and produced by KAPPA includes specific solutions for a wide variety of motorcycle models. For custom motorcycles, engine guards are available in a chromed version. The characteristics of the materials used offer excellent performance, guaranteed by KAPPA expertise.

**Consult the section "My Motorcycle" in order to check the range of specific products available for your vehicle.**

Material: metal  
Finished in black mat or chromed depending on the different motorcycle models

#### → BACKRESTS

KAPPA satisfies not only the motorcyclists' needs, but the passengers' needs too. A wide range of specific backrests made in Polyurethane foam, provides more comfort to the journey of the passenger. It can be mounted with or without the case (it depends on the model of the case). You will find some mounting examples, please view our list in order to verify the availability on other motorcycle models not illustrated in here.

**Consult the section "My Motorcycle" in order to check the range of specific products available for your vehicle.**

Holders material: metal  
Backrests material: Polyurethane foam

#### → OIL CARTER PROTECTOR

Specifically designed based on the motorcycle model, the aluminium oil carter protectors make the image of maxienduro even more "off road"; they also protect the oil carter from rocks, bumps and holes that can be found, as well as when off-road, even on less challenging roads.

**Consult the section "My Motorcycle" in order to check the range of specific products available for your vehicle.**

Material: aluminium

## MUDGUARD

Specific mudguard, black colour

Material: ABS

**Consult the section "My Motorcycle" in order to check the range of specific products available for your vehicle.**

## STAND EXTENSIONS

The purpose of the range of Base Extensions is to extend the surface area of the side stand, reducing the risk of a motorbike falling when it is parked on uneven surfaces such as; mud, sand, grass or asphalt during extremely high temperatures. Produced in anodized, milled and satin aluminium with the high support made of satin INOX 316L steel and designed with a hard technical aspect, the stand extension integrates perfectly with your motorbike

**Consult the section "My Motorcycle" in order to check the range of specific products available for your vehicle.**

## RADIATOR GUARD

Stainless steel specific radiator guard black painted

Material: Stainless steel black painted

**Consult the section "My Motorcycle" in order to check the range of specific products available for your vehicle.**

## UNIVERSAL WINDSCREENS | 4 JOINT POINTS - AIRSTREAM

<b>KAF49</b>	Universal sliding wind-screen, transparent, with 4 point handlebar, complete with fitting kit KD45 to be mounted instead of the original screen Maximum height 53 cm (12 cm of extension) width 52 cm	
<b>KD45</b>	Only fitting kit for KAF49	
<b>Z1963RK</b>	Airstream guide latch spare parts	

**AIRSTREAM** is the universal adjustable windscreen. The transparent polycarbonate spoiler can be moved along a 12cm axis and once at the desired height, it is secured with two sturdy plastic clamps. For increased protection against the wind, Airstream has been designed to create an aerodynamic effect which can limit possible turbulence to a minimum. To this characteristic we need to add the increased riding safety in the event of rain, achievable by completely lowering the spoiler. This operation eliminates the drops effect on the glass, which along with that formed on the helmet's visor, distorts images and is aggravating when riding in poor lighting conditions or after sundown. Airstream can also be easily left mounted during the summer months: the motorbike would simply have the lower section mounted to the vehicle and the moving spoiler would be completely removed.

### ZERO MOTORCYCLES DOMINATOR 650 (92 → 94)

	<b>K200</b>	Specific rear rack for <b>MONOKEY</b> ® top-case <b>MONOKEY</b> ® plate included
--	-------------	---

### ZERO MOTORCYCLES VT 600 C SHADOW (89 → 01)

	<b>A35NK</b>	Universal screen, 54,9 x 46,8 cm (H x W) <i>to be combined with the specific AS100A2K fitting kit</i>
	<b>23A</b>	Universal screen, 38,8 x 41 cm (H x W) <i>to be combined with the specific AS100A2K fitting kit</i>
	<b>AS100A2K</b>	Specific fitting kit for 23A and A35NK

→ PLATES & SPARE PARTS

## → PLATES

Various solutions are available to combine a top case with motorcycle models having a standard carrier or adaptation available to accept a top case. Plates are a simple solution to enhance the functionality of the motorcycle.

**K628** Universal nylon plate, included in the MONOLOCK® top-case

**K636** Universal MONOKEY® plate with fitting kit to fit a case on a scooter already with a rack

**K553N** Joint Z890K and nylon plate with fitting kit, to be mounted with Monorack K.... Suitable for MONOKEY® top-case

**K553L** Joint 35 mm Z896K and nylon plate, to be mounted Monorack K...L. Suitable for MONOKEY® top-case

**MKN** Joint (Z890K) and plate in aluminium with fitting kit, to be mounted with Monorack K.... Suitable for MONOLOCK® top-case

**MKL** Joint set (Z896K) and plate in aluminium, to be mounted with Monorack K...L. Suitable for MONOLOCK® top-cases

**KM5** Nylon top plate with fitting kit included, to be mounted with Monorack KZ and KR. Suitable for MONOKEY® top-cases

**KM5M** Nylon top plate with fitting kit included, to be mounted with Monorack KZ and KR. Suitable for MONOLOCK® top-cases

**KM6M** Monolock® Plate in nylon with place for the "u" type padlock to be used with Monorack KZ

**KM7** MONOKEY® Nylon plate to be mounted with Monorack KZ

**KM8A** Anodized aluminium MONOKEY® plate to be combined with the specific racks KZ and with the specific rear racks KR where expressly indicated

**KM8B** Black anodized aluminium MONOKEY® plate to be combined with the specific racks KZ and with the specific rear racks KR where expressly indicated

**KM9A**  
→NEW MONOKEY® Plate. Made from aluminium 3 mm brushed and anodized aluminium, with the specific racks KZ or with the specific rear racks KR where expressly indicated  
**DOES NOT ALLOW THE MOUNTING OF A STOP LIGHT KIT / REMOTE-CONTROLLED OPENING KIT**

**KM9B**  
→NEW MONOKEY® Plate. Made from black aluminium 3 mm brushed and anodized aluminium, with the specific racks KZ or with the specific rear racks KR where expressly indicated  
**DOES NOT ALLOW THE MOUNTING OF A STOP LIGHT KIT / REMOTE-CONTROLLED OPENING KIT**

### SPARE PARTS

- Z622MK** Nylon plate for MONOKEY® cases
- Z667MK** Nylon plate for MONOLOCK® cases
- Z340K** Aluminium plate for MONOLOCK® cases
- Z255K** Nylon plate for MONOKEY® cases
- Z4400RK** Universal MONOKEY® plate
- Z4401KR** Cover Plate for universal MONOKEY® plate
- Z114K** Cover plate for Z113
- Z2710K** Plate rubber parts
- Z2710AK** Antivibration rubber grommets (with increased height – set of 4) for KM7/K636/KRA
- Z621RK** Hole covering caps
- Z126K** Plate rubber Monorack/Wingrack
- Z113-2K** Spare plate for universal MONOLOCK® plate
- Z9571RK** Set of 4 pcs flat rubber cushions with plastic base for plates KM9A, KM9B, KRA... (for KRA it is necessary to verify the type of rubber cushion installed)
- Z2309RK** Support hooks with screws for KRA, KM8A, KM8B

## MONORACK® K.. - KZ... - K...L

Highly tested and compatible with the whole range of KAPPA MONOKEY® and MONOLOCK® cases, the MONORACK fitting system for top-cases is composed of a light alloy or plastic plate mounted by the exclusive a every situation. Practicality and ease of use are guaranteed by the quick and essential assembling/disassembling system and by the availability of specific fitting Kits for the latest motorcycle models.

## K1200 UNIVERSAL MONORACK

**K1200** Universal rear rack for MONOKEY® or MONOLOCK® top-case without plate and joint set  
**TO BE COMBINED WITH THE MONOKEY® K553N PLATE, OR WITH THE MONOLOCK® MKN PLATE**

# → MOUNTING POSSIBILITIES WITH UNIVERSAL SYSTEMS

If there has not been a specific solution for the mounting of KAPPA cases and top-cases for your motorcycle, you can also check the possibility of using one of the following universal fitting systems:

## A - MOUNTING POSSIBILITIES (1 MONOKEY® TOP-CASE)

UNIVERSAL MONORACK (K1200) / UNIVERSAL PLATE (K636)

## B - MOUNTING POSSIBILITIES (3 MONOKEY® CASES)

UNIVERSAL FITTING KIT (K8127)

## C - MOUNTING POSSIBILITIES (1 MONOLOCK® CASE)

UNIVERSAL MONORACK (K1200) / UNIVERSAL PLATE (K636)

# → MOUNTING POSSIBILITIES FOR TANK BAGS

## A - FITTING ON NON-METALLIC TANKS BY MEAN OF THE BELTS INCLUDED

- 1) Bind the belts included to the frame of the motorcycle
- 2) Fit the other end of the belts to the D-ring rings on the base of the bag

## B - FITTING ON METALLIC TANKS BY MEAN OF THE TK4KIT MAGNETS KIT

- 1) Insert the 4 magnets in their seats
- 2) Fit the bag on the motorcycle tank

## C - MOUNTING POSSIBILITIES FOR SADDLE BAGS

### TUBULAR SUPPORT FOR SOFT BAGS

Available for many models of motorcycles and scooters, these tubular supports allows you to improve the stability of the soft bags during the ride, and preventing direct contact with the fairing. These tubular supports provide a valuable support for the two soft bags, also greatly improving the ease of mounting of the same

TK\_\_\_/TE\_\_\_K/TMT\_\_\_K/TST\_\_\_K/TUBULAR SIDE HOLDER

In order to facilitate the secure and stable fitting of the universal saddle bags, KAPPA has studied the specific tubular supports for various motorcycle models. The mounting of the tubular supports allows a perfect anchorage of the bags and represents an added warranty by avoiding the unpleasant damages caused by the proximity of the muffler to the bags

# GENERAL CONDITIONS OF SALE

## Definitions and Interpretation

**(a)** For the purpose of these General Conditions of Sale, the following words and terms shall have the meaning set forth below:

- "Supplier" means GIVI S.P.A., having its registered office in Flero (BS), Via Ungaretti n. 48;

- "Products" means the goods and/or services supplied by GIVI S.P.A. and covered by these General Conditions of Sale;

- "Trademark[s]" means "KAPPA" trademarks and other trademarks of which the Supplier is the owner in respect of the Products;

- "Distributor[s]" means any natural or legal person purchasing the Products for the purpose of their distribution, in accordance with these General Conditions of Sale;

- "Price List" means the official price list containing the Products' prices applied by the Supplier to the Distributor, in force at the time of the order proposal;

- "Territory" means the territory where the Distributor is authorized to sell the Products;

- "Agreement" means any agreement entered into by and between the Supplier and the Distributor in accordance with these General Conditions of Sale.

**(b)** These General Conditions of Sale shall govern the supply of the Products represented in the Price List and they shall be valid for any sale arrangements carried out through the Supplier's e-commerce platform. Use of the e-commerce platform (i.e. "KAPPA Web-Order") shall be allowed exclusively to the Distributors expressly authorized by the Supplier and provided with the required password and credentials.

**(c)** It will not be possible to proceed to an order reservation if only one single provision of the present General Conditions of Sale will not be accepted.

**(d)** The following terms and conditions are deemed to be accepted and binding for the Distributor even when the Distributor submits his order proposal through a means different from the "KAPPA Web-Order" system and they will be valid also when the contractual proposal has been submitted to the Supplier by the Distributor's local agent on his behalf. In such case the local agent will be authorized to submit the orders on the Distributor's behalf, after the Distributor's first acceptance of these General Conditions of Sale.

## 1. Scope

**1.1** These General Conditions of Sale shall apply to any supply of the Products carried out by the Supplier.

**1.2** These terms of business shall apply exclusively to any Agreement entered into by and between the Supplier and the Distributor; any Distributor's conditions that conflict with or differ from these terms of business will not be recognized unless the Supplier has specifically agreed to this in writing.

**1.3** These General Conditions of Sale and the Agreement shall be irrevocable for the Distributor.

**1.4** In the absence of a written complaint of non-conformity by the Distributor within 30 (thirty) days from the receipt of the Products, the deliveries dispatched by the Supplier are deemed to be fully accepted, despite differing from what indicated in the order confirmation with regard to the Products' types, quantity or commercial conditions.

## 2. Orders and Specifications

**2.1** The range shown on the Supplier's web-site, "Web-Order" system and online or printed catalogue does not represent a legally binding offer but a non-binding online or printed catalogue.

**2.2** The Distributor will order the Products required by accessing the reserved "Web-Order" area or via fax/e-mail. Submission of an order proposal by the Distributor implies the consent to receive the Supplier's communications described below which are exclusively aimed to the conclusion and the performance of the Agreement. No order submitted by the Distributor shall be deemed to be accepted by the Supplier unless and until confirmed in writing by the Supplier. Once the order proposal has been received,

the Supplier will transmit his order confirmation to the Distributor at the e-mail address indicated by the Distributor that will be then assigned an Order Protocol Number to be used for any subsequent communication with the Supplier. Confirmed orders will be accessible through the Distributor's personal "Web-Order" area.

**2.3** Any purchase order placed by the Distributor shall be intended as full and complete acceptance of the present General Conditions of Sale that the Distributor declares to have read and understood.

**2.4** The Supplier reserves the right to refuse an order fully or partially according to stock availability, production capability and delivery date required by the Distributor.

## 3. Prices, Invoice, Payment

**3.1** Prices to be paid by the Distributor to the Supplier for the Products are those resulting from the Price List, as established by the Supplier from time to time. All prices are in Euro (VAT is not due, therefore not included) and can be subject to modification with a 15-day prior notice from the Supplier. All prices are intended for Products delivered EX-WORKS "Incoterms® ICC 2010" (from our warehouse in Barbariga, Italy).

**3.2** Invoices must be paid within their expiry date. In case one or more invoices are expired and remain unpaid, or the maximum exposure limit is reached or exceeded, the Supplier shall be entitled to suspend any further deliveries to the Distributor until the overdue payment is received in full. Payments received need to be confirmed by the Supplier's Bank, when credited on the Supplier's bank account.

**3.3** In case of delayed payment or non-payment, without prejudice to any other right or remedy available, the Supplier shall be entitled to apply default interests on arrears as established by "Decreto Legislativo n. 231/2002" (Legislative Decree n. 231/2002) and expenses at the bank rates in force from time to time.

## 4. Packaging and Shipment

**4.1** A packaging cost contribution is charged by the Supplier in each invoice and calculated based on the number of cartons needed to contain and protect the Products during the transportation.

**4.2** Transport is entrusted to third parties if not specified to the contrary from time to time. Shipments are not prepared on pallets unless specifically requested by the Distributor. The cost of the pallets, if used, is charged by the Supplier on the invoice to the Distributor. In any case, shipments will be at the risk of the Distributor, which will also incur all the relevant costs.

**4.3** Transport obligations, costs and risks are transferred from the Supplier to the Distributor when the Products are at the disposal of the Distributor at the Supplier's warehouse.

## 5. Delivery of the Products

**5.1** The Distributor and the Supplier agree and acknowledge that the place of delivery of the Products is at the Supplier's logistic centre in Barbariga (BS), Italy.

**5.2** No claim for missing or damaged Products can be accepted by the Supplier past 8 (eight) days after the delivery of the Products.

**5.3** Time of delivery is not of the essence. The Supplier will do every effort to meet the delivery time requested by the Distributor in the order, provided that in no case the Supplier shall be liable for any delay that may occur in fulfilling accepted orders, except for its gross negligence or willful misconduct.

## 6. Custom Duties and Licenses

**6.1** The Distributor will be liable for import custom duties, if applicable in his Country, and for any other amounts payable in connection with importation and delivery of the Products.

**6.2** The Distributor shall be responsible for obtaining any necessary import licenses, permits or authorization necessary for importation and delivery of the Products.

## 7. Order cancellation

**7.1** No order which has been accepted and confirmed by the Supplier may be cancelled by the Distributor except with the agreement in writing of the Supplier and on terms that the request for order cancellation shall be submitted by the Distributor before the start of the shipment preparation. In case the order is cancelled after the shipment preparation has started, the Supplier will be entitled to invoice to the Distributor the costs incurred by the Supplier.

## 8. Property and Custody

**8.1** Notwithstanding delivery and the passing of risk in the Products, the property in the Products shall not pass to the Distributor until the Supplier has received payment in full of the price of the Products and the Distributor has fully performed all of the terms and conditions hereof.

**8.2** Before transfer of ownership, the Distributor will only be entitled to these Products with the prior written approval of the Supplier. If a third party seizes the Products, particularly if the Products are impounded, the Distributor must inform the Supplier immediately in writing and also point out to the third party immediately that the Supplier has proprietary rights.

**8.3** Until payment in full of the price, the Distributor shall be liable for the risks related to the custody and preservation of the purchased Products.

## 9. Returns

**9.1** Products may be returned to the Supplier in case of shipping irregularities, defects at the source or caused by transport, defects falling within the warranty terms. Returns shall be previously authorized by the Supplier's competent office. No Products will be accepted for credit when returned without the written permission of the Supplier. No Products will be accepted for credit after 1 (one) year from the date of shipment.

**9.2** Should the written permission be given the Products must be returned to the Supplier at the Distributor's costs, save where otherwise agreed. The authorization number released by the Supplier's competent office must be shown in the transport document together with the number of the original invoice concerning the item being returned.

**9.3** The Supplier undertakes to withdraw or replace: a) Products erroneously delivered to the Distributor under the direct responsibility of its personnel assigned to shipments; b) original defective items/components, or items/components damaged by transport, provided that the defect has been denounced within 15 (fifteen) days from the receipt of the Products; c) defective items/components falling within the warranty terms.

**9.4** Any returns not complying with the abovementioned conditions will be treated as a repair bill with application of the relative fares.

## 10. Warranties and Liability

**10.1** The warranty period is 24 (twenty-four) months and begins when the Products are handed over to the final user. Defects in the Products will be corrected by the Supplier after being informed of this by the Distributor within this warranty period, provided that the defective Products have been correctly used in a way compatible with the instructions contained in the Instruction Manual. The Supplier will decide whether to replace or repair the Products and inform the Distributor accordingly. In case of breakage falling within the warranty terms, only the component considered to be defective will be replaced, not the entire item. The Supplier shall have no further liability towards the Distributor.

**10.2** Every claim must be notified by the Distributor to the Supplier using the Warranty Claim Form provided by the Supplier, with description of the fault and pictures showing and proving the claimed defect.

**10.3** The Supplier shall be under no liability in respect of any defect arising from fair wear and tear, willful damage, negligence, abnormal working conditions, failure to follow the Supplier's instructions, whether oral or in writing, misuse

or alteration of the Products without the Supplier's approval.

**10.4** If the complaint is unfounded the Supplier reserves the right to claim reimbursement of the costs incurred from the Distributor, if any.

**10.5** The Supplier shall be under no liability under the above warranty (or any other warranty, condition or guarantee) if the total price for the Products has not been paid by the due date for payment.

**10.6** Except in respect of death or personal injury caused by the Supplier's negligence, the Supplier shall not be liable to the Distributor by reason of any representation, unless fraudulent, or any implied warranty, condition or other term, or any duty at common law, or under the express terms of the present General Conditions of Sale, for any indirect, special or consequential loss or damage, whether for loss of profit or otherwise, costs, expenses or other claims for compensation whatsoever (whether caused by the negligence of the Supplier, its employees or agents or otherwise) which arise out of or in connection with the supply of the Products or their use or resale by the Distributor, and the entire liability of the Supplier under or in connection with the sale of the Products shall not exceed the price of the Products, except as expressly provided in these General Conditions of Sale.

**10.7** The Supplier shall not be liable to the Distributor or be deemed to be in breach of these General Conditions of Sale by reason of any delay in performing, or any failure to perform, any of the Supplier's obligations in relation to the Products, if the delay or failure was due to any cause beyond the Supplier's reasonable control.

#### 11. Distributor's Undertakings

**11.1** The Distributor agrees and undertakes to sell the Products in his own name and on his own account. The Distributor shall have no authority to conclude agreements in the Supplier's behalf or to bind the Supplier towards third parties in any way. In the performance of his activities, the Distributor undertakes to act diligently, by maintaining an appropriate conduct in order to ensure compliance with the obligations arising out of these General Conditions of Sale and to preserve the quality and reputation of the Products.

**11.2** The Distributor undertakes to sell the Products only within the Territory. In particular, the Distributor undertakes not to actively sell the Products in territories reserved by the Supplier to himself or to other distributors on an exclusive basis, however it being understood that the Distributor shall have the right to fulfil orders it has not solicited, even if they come from customers residing outside the Territory. In this regard, the Distributor declares to be aware that the Products subject to these General Conditions of Sale, as included in the Price List, are designed in accordance with the legislation in force in the Territory: it follows that the possible entry of the Products in markets outside the Territory may be in contrast with the laws of these Countries.

In case of non-compliance with the commitments provided by this article, the Distributor assumes sole and full liability for any resulting damage and/or claim for compensation, thus totally declining the Supplier from any related responsibility.

**11.3** The Distributor is free to determine the resale price of the Products, without prejudice to the Supplier's faculty to

recommend a non-binding price. The Distributor agrees to use his best endeavors to promote and sell the Products, also via e-commerce platforms, in line with the Supplier's qualitative standards, in a way capable of preserving the value of the Trademarks and the technical features, prestige and reputation of the Products.

#### 12. Use of Trademarks, Confidentiality, Promotional activities

**12.1** The Distributor acknowledges that the Trademarks and other related rights are the sole property of the Supplier. Therefore, the Distributor acknowledges and accepts that only the Supplier is entitled to apply for registration of the Trademarks or of the correspondent trade names, and undertakes not to register in the future any trademark or trade name which may be considered similar to any of the Supplier's Trademarks or trade names to the extent that it may create confusion among the customers.

**12.2** The Distributor undertakes to immediately bring to the notice of the Supplier any improper or wrongful use of the Trademarks or infringement of the Supplier's industrial and/or intellectual property rights, as well as any act of unfair competition.

**12.3** The Distributor undertakes to observe total confidentiality and to abstain from using and/or divulging, also after termination of the Agreement, any commercial secrets and information of a confidential nature concerning the Supplier and the Products, exchanged during the contractual relationship between the Supplier and the Distributor.

**12.4** The Distributor shall submit to the Supplier all promotional-advertising initiatives regarding the Products for his prior written approval. In any case, any advertising or promotional operations – including attendance at fairs and exhibitions – must be submitted to the Supplier in advance to assess their compatibility with the Supplier's sale and image policy.

#### 13. Termination of the Agreement

**13.1** The Supplier may terminate the Agreement with immediate effect by written notice to the Distributor, in the event of violation of any of the following provisions: 3.3; 8; 10; 11.2; 12; 16.2.

**13.2** Any relaxation, leniency or indulgence which the Supplier may extend to the Distributor shall not in any way constitute a waiver of the Supplier's rights in terms hereof.

#### 14. Data protection

**14.1** If it has not been agreed to the contrary, the Supplier will only use the Distributor's data in order to carry out the Agreement. The Distributor's permission is required to use this information for market and opinion research and for advertising.

#### 15. Term

15.1 These General Conditions of Sale shall be effective as of the date of signature by the Distributor and they will apply to any subsequent transactions between the Supplier and the Distributor.

#### 16. Miscellaneous

**16.1** Changes and amendments to these General Conditions of Sale must be in writing to be effective. There are no verbal secondary agreements.

**16.2** If it has not been agreed to the contrary, the Distributor may not transfer rights and obligations derived from the Agreement to a third party without the Supplier's prior written consent.

**16.3** If any provision of these General Conditions of Sale is or becomes invalid or unenforceable in whole or in part, the other provisions and the remainder of the provision in question shall not be affected. The contractual partners will agree to replace the invalid provision with a valid one that best corresponds to the economic aims of the contractual parties.

**16.4** The present General Conditions of Sale and the Agreement are governed by the laws of Italy.

**16.5** The competent courts of the place where the Supplier has his registered office (Brescia, Italy) shall have exclusive jurisdiction in any action arising out of or in connection with these General Conditions of Sale and with the Agreement. However, as an exception to the principle here above, the Supplier is in any case entitled to bring his action before the competent court of the place where the Distributor has his registered office. Should the Distributor have his seat out of the EU, all disputes arising out of or in connection with the present General Conditions of Sale shall be finally settled under the Rules of Arbitration of the Chamber of Arbitration of Milan by one or more arbitrators appointed in accordance with the said Rules.

#### Final Provisions

**(a)** The Supplier is under no responsibility in respect of completeness, correctness and updating of the Price List and the catalogues;

**(b)** The Supplier reserves the right to modify, add or remove any of the represented Products without any prior notice;

**(c)** Notwithstanding the Supplier's performance of tests and safety controls over the Products, the Supplier cannot guarantee compliance of the Products with the prescriptions or installation limits actually or potentially provided by the laws of certain Countries. It shall therefore be in the Distributor's exclusive liability to verify the conformity of the Products and of their installations to the laws of his Country or any other Country, thereby declining the Supplier from any related responsibility.

**(d)** Installation of our specific articles for motor vehicles is guaranteed only if the vehicle is not provided with after-market accessories or original optional accessories of the production company.

GIVI S.P.A.  
VIA UNGARETTI, 48 – 25020 FLERO (BS)
